Office of Legislative Counsel

Thursday - 13 August 1953

- - - - -

1. General Cabell and I went to meet Congressman Cole; however, because of the NSC meeting General Cabell could not wait for the Congressman, and I handed him a document from the General which Mr. Cole read, signed and returned. He kept the attached dissemination sheet. Mr. Cole stated that he felt it was incumbent to disclose the information to Sen. Hickenlooper, the Committee Vice Chairman, and I said that CIA would like to do so if the Chairman desired. Mr. Cole stated that he felt it would be preferable if he could do it in his capacity as Chairman, as there might be some question if at a future date it was known that CIA had merely selected two members to receive this information. However, upon checking, it was ascertained that Sen. Hickenlooper would not be in Washington until 14 August and Mr. Cole suggested that we pass the information to the Senator when he arrives. Mr. Cole plans to be in touch with General Cabell sometime during the day.
